# Mother Johnson's Dedication

This year, 1985, marks the International Year of Youth. My wish for you as graduates is that you continue to reflect those special qualities of youth: an all-embracing openness to life and a sense of wonder which make each day one of discovery and adventure.

May this oppenness permeate your intellectual pursuits, your personal encounters and friendships and make of those intimate moments of joy and sorrow, a meeting place with the God of wonder and light.

With much love & prayers
M. Johnson RSCJ
